

Next generation Kendall™ Silicone Bordered 5-Layer Foam Dressing

Clinical effectiveness you demand

Quality your patients deserve

Effective wound management is critical for your patients. Our new generation Cardinal Health™ Kendall™ Silicone Bordered 5-Layer Foam Dressing delivers an innovative design with improved adhesion and absorbency in a thinner, more flexible dressing.

Proven to protect

- Demonstrated effectiveness in the **prevention of pressure injuries**¹
- **Proven to be as absorbent as the industry leaders**²
- **Seven days of wear-time** with our enhanced gentle adhesion
- Thinner, super-absorbent core provides **greater absorbency** while remaining pliable

Designed for comfort

- **Reduces friction** and prevents movement in the wound bed
- Recommended for use in **neonatal/pediatric and geriatric** populations
- Improved gentle silicone adhesive **minimizes trauma to the wound**
- **Minimizes discomfort** to patients by reducing dressing changes
- Unscented, latex-free, and hypoallergenic
- Variety of sizes to meet the needs of you and your patients

Experience the next generation of wound care.

To order a sample or schedule a demonstration, contact your Cardinal Health sales representative.
