

Safely secure your
dressing without tape

For Pilonidal Cysts

**Reusable and
eliminates the
need for tape**

- Adjustable, can remove & reapply for wound care & dressing changes
- A durable wound-care dressing cover that can be worn up to 2 weeks or more
- Splints the buttocks together
- Eliminates lateral tension on excised wound
- Marked increase in comfort when movement of buttocks is stabilized during walking & sitting
- Safely secure your dressing without tape
- Clean with soap/water, air dry, reapply
- Consistent patient satisfaction
