Skin Affix™ Topical Skin Adhesive
Designed to Optimize Wound Closure

Strong and Lasting Wound Closure

Skin Affix™ is a topical skin adhesive used to close wounds from surgical incisions, minimally invasive surgical procedures and simple, thoroughly cleansed trauma-induced lacerations.

Performance

- » Sterile 2-octyl cyanoacrylate
- » High viscosity formulation
- » Effective microbial barrier protection
- » Fast setting
- » Naturally sloughing (5-10 days)

Application

- » Versatile—foam tip allows for broad and narrow strokes
- » Promoting controlled delivery—transparent applicator
- » Easy to use—no assembly required

Patient Comfort

- » Low exothermic reaction*
- » Flexible and water-resistant
